Excerpt from The Lives and Exploits of Banditti and Robbers: In All Parts of the World

There are few subjects that interest us more generally, then the adventure of robbers and banditti. In our infancy they awaken and rivet our attention as much as the best fairy tales, and when our happy credulity in all things is wofully abated, and our faith in the supernatural fled, we still retain our taste for the adventurous deeds and wild lives of brigands. Neither the fulness of years nor the maturity of experience and worldly wisdom can render us insensible to tales of terror such as fascinated our childhood, nor preserve us from a "creeping of the flesh" as we read or listen to the narrative containing the daring exploits of some robber-chief, his wonderful address, his narrow escapes, and his prolonged crimes, seated by our own peaceful hearth.
