The Still James Michael Rice

As seen on Destination America's episode "America's Bermuda Triangle"!

An ancient evil wreaks havoc on a small New England town, corrupting everything and everyone it encounters.

For centuries, it has remained hidden deep in the heart of the Hockomock Swamp. The Native Americans called it "The Place Where Spirits Dwell"; a sacred place of untold terrors, where time itself stands still. Now its evil influence is spreading to the nearby town of Hevven, Massachusetts, corrupting all that it encounters, growing more powerful with each victim it taints. Soon, no one will be able to escape *The Still*...

...In order to prolong his addiction, a dying man makes a deal with an unusual late-night visitor... A young man discovers the hidden world that inhabits the swamp behind his house, a world where every fantasy can be a reality, but only for those who are willing to pay the ultimate price... A hit man takes on one last job before a much-needed vacation, only to discover that this seemingly routine hit just might be his last... A trucker develops an extreme case of insomnia after picking up an attractive young hitchhiker who is not what she appears to be...

A collection of nine intertwining tales form a single terrifying portrait of madness, lust, revenge, and an evil as old as time itself.
