**V Is for Victory: America Remembers World War II (American History Classics)** Kathleen Krull  
*A World War II scrapbook of stories, photos, posters, letters home, and other memorabilia for the whole family to share again and again.*

“Krull delivers a first-rate commemorative volume. Eminently readable, it showcases her talent for distilling history to its anecdotal best and gives a wide-ranging view of the key players and events of this pivotal era in recent history. From Hitler and Roosevelt to Anne Frank, from Rosie the Riveter to Tokyo Rose, from rationing to espionage, Krull spotlights the many dramas played out on the global stage. She augments her impressive writing with strong visual material, including maps, newspaper headlines, artifacts, posters, and hundreds of vintage photographs (many of them unflinching, including those of concentration camp inmates and other victims of the war). Whether for browsing or close study, this is an extraordinary reference book that should be snapped up by parents and teachers alike. Of equal interest to young readers and adults.”

—*Publishers Weekly*, Starred
