Precision in Crop Farming: Site Specific Concepts and Sensing Methods: Applications and Results

High yields and environmental control in crop farming call for precise adaptations to local growing conditions. Treating large fields in a uniform way by high capacity machinery cannot be regarded as a sustainable method for many situations. Because differences existing within single fields must be considered. The transition from former field work carried out manually or by small implements to present-day high-capacity machinery caused that the farmers lost the immediate and close contact with soils and crops. However, modern sensing and controlling technology can make up for this deficit. High tech methods that include proximal sensing and signals from satellites can provide for controls that allow adjusting farming operations to small fractions of one ha and sometimes even down to some m², hence in a site-specific mode. This applies to operations for soil cultivation, sowing, fertilizing and plant protection. This book deals with site-specific concepts, applications and results.

From reader reviews:

Ann Birdsell:

What do you about book? It is not important to you? Or just adding material when you really need something to explain what your own problem? How about your spare time? Or are you busy particular person? If you don't have spare time to do others business, it is make you feel bored faster. And you have time? What did you do? All people has many questions above. They need to answer that question due to the fact just their can do that will. It said that about publication. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this specific Precision in Crop Farming: Site Specific Concepts and Sensing Methods: Applications and Results to read.

Jody Watson:

In this 21st millennium, people become competitive in each and every way. By being competitive currently, people have do something to make these people survives, being in the middle of the actual crowded place and notice by means of surrounding. One thing that often many people have underestimated this for a while is reading. Yeah, by reading a reserve your ability to survive raise then having chance to stay than other is high. For yourself who want to start reading some sort of book, we give you this Precision in Crop Farming: Site Specific Concepts and Sensing Methods: Applications and Results book as beginning and daily reading reserve. Why, because this book is usually more than just a book.

Martin Hobson:

Typically the book Precision in Crop Farming: Site Specific Concepts and Sensing Methods: Applications and Results will bring someone to the new experience of reading the book. The author style to explain the idea is very unique. In case you try to find new book to see, this book very suited to you. The book Precision in Crop Farming: Site Specific Concepts and Sensing Methods: Applications and Results is much recommended to you you just read. You can also get the e-book through the official web site, so you can quicker to read the book.

John Fouts:

Does one one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Try and pick one book that you never know the inside because don't evaluate book by its deal with may doesn't work is difficult job because you are afraid that the inside maybe not while fantastic as in the outside appearance likes. Maybe you answer might be Precision in Crop Farming: Site Specific Concepts and Sensing Methods: Applications and Results why because the amazing cover that make you consider in regards to the content will not disappoint you. The inside or content is definitely fantastic as the outside or maybe cover. Your reading 6th sense will directly show you to pick up this book.
