Portraits of White Racism

David T. Wellman

Portraits of White Racism David T. Wellman

Challenging the notion that racism consists simply of prejudice in the minds of individuals, this book argues instead that racism is a set of culturally acceptable beliefs that defend the advantages whites have obtained in American society. The book is based on five chapters of interviews. The second edition is updated with a new preface, introduction, and epilogue that take into account both the recent sociological theorizing about racism and new research by Wellman.
