## **Demons & Angels (Walking Between Worlds Book 1) J.K. Norry**

Meet the unsung heroes of the supernatural, those who walk between worlds to help humans battle their demons. This is the spellbinding tale of a special group of people whose lives were changed forever when their eyes were opened to a new reality. Watch the ordinary collide with the extraordinary to test the mettle of their souls and the power of their love.

The first book in an exciting new series, *Walking Between Worlds*; Book I: *Demons & Angels* introduces us to a new way of looking at both the natural and the supernatural worlds. Join Paul Stone and Kris Reed as they walk between worlds in search of answers and themselves.

### ***If it were up to you to save the world...***

...could you? Would you? These questions are tossed from one uncertain set of hands to the next like searing hot potatoes in the *Walking Between Worlds* trilogy. As the world is introduced to a noble army of immortals that use their powers to battle the demons of humanity, the newest among them must rise to power and raise the questions no one has ever asked: Where do all the demons go? What is their purpose? What is ours?

Yesterday Paul Stone was a human, an ordinary man defined by his circle of friends and his one true love. Today he has lost it all, and must rebuild his life on a foundation of shifting sands. Tomorrow he may have to lose everything once more to save us all. With the ability to heal any wound but his broken heart, Paul must muster all his resources to prevent reality from collapsing in on itself before he does.

Kris Reed was an accomplished best friend in life; in death, it has become his job. The long cold afterlife is a comfortable sanctuary for his sensitive soul, and everything he ever wanted is finally within reach. Can he befriend a three hundred year veteran of the Walker army, or the surly new Walker who must do everything differently? Can he survive the trials of love as gracefully as he bore the trials of death? After all of the evil that everyone has seen, the questions become even more poignant: If it were up to you to save the world, could you? Would you?
