Narrative Comprehension, Causality, and Coherence: Essays in Honor of Tom Trabasso

Narrative Comprehension, Causality, and Coherence: Essays in Honor of Tom Trabasso

This volume provides an excellent overview of the field of discourse processes, capturing both its breadth and its depth. World-renowned researchers present the latest theoretical developments and thought-provoking empirical data. In doing so, they cover a broad range of communicative activities, including text comprehension, conversational communication, argumentation, television or media viewing, and more.

A central theme across all chapters concerns the notion that coherence determines the interpretation of the communication. The various chapters illustrate the many forms that coherence can take, and explore its role in different communicative settings.
