**Forces and Motion: From High-speed Jets to Wind-up Toys - Teacher's Guide (Investigate the Possibilities: Elementary Physics)** Tom DeRosa, Carolyn Reeves

**An activity-focused science curriculum guaranteed to engage your student!**

In this new *Investigate the Possibilities* series for 3rd through 6th grade, elementary physical science is simplified into 20 simple investigations that use household items for education experiments! This easy-to-use manual will help you direct the learning experience by providing additional guidance for hands-on projects, important concepts, structure, and insightful instruction notes.

The Teacher's Guide provides:

- bonus activities for additional learning
- clear investigations objectives to help guide the learning experience
- sections on creation apologetics and connections to Bible references
- material that gives consideration to National Science Education Standards

Make science as simple to teach as it is to learn with this complete, and easy to use series!
