German Wars: A Concise History, 1859-1945

Michael A. Palmer

German Wars: A Concise History, 1859-1945 Michael A. Palmer

The German Wars: A Concise History, 1859-1945 outlines the history of European warfare from the Wars of German Unification to the end of the World War II. The title aside, the book is not be another history of the German military; it takes a much broader approach looking at political, social, economic, and military developments across Europe, and the United States during the period. The “German War” part of the title is there because Germany plays the central part in the story. But the key element threading its way through this volume is the Industrial Revolution.
