Photography and the Art of Chance Robin Kelsey

Photography has a unique relationship to chance. Anyone who has wielded a camera has taken a picture ruined by an ill-timed blink or enhanced by an unexpected gesture or expression. Although this proneness to chance may amuse the casual photographer, Robin Kelsey points out that historically it has been a mixed blessing for those seeking to make photographic art. On the one hand, it has weakened the bond between maker and picture, calling into question what a photograph can be said to say. On the other hand, it has given photography an extraordinary capacity to represent the unpredictable dynamism of modern life. By delving into these matters, *Photography and the Art of Chance* transforms our understanding of photography and the work of some of its most brilliant practitioners.

The effort to make photographic art has involved a call and response across generations. From the introduction of photography in 1839 to the end of the analog era, practitioners such as William Henry Fox Talbot, Julia Margaret Cameron, Alfred Stieglitz, Frederick Sommer, and John Baldessari built upon and critiqued one another's work in their struggle to reconcile aesthetic aspiration and mechanical process. The root problem was the technology's indifference, its insistence on giving a bucket the same attention as a bishop and capturing whatever wandered before the lens. Could such an automatic mechanism accommodate imagination? Could it make art? *Photography and the Art of Chance* reveals how daring innovators expanded the aesthetic limits of photography to create art for a modern world.

From reader reviews:

Kenneth Wallace:

What do you regarding book? It is not important to you? Or just adding material when you need something to explain what the one you have problem? How about your spare time? Or are you busy individual? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have time? What did you do? Every person has many questions above. They need to answer that question because just their can do in which. It said that about book. Book is familiar in each person. Yes, it is appropriate. Because start from on kindergarten until university need this Photography and the Art of Chance to read.

Lisa Vazquez:

Information is provisions for anyone to get better life, information currently can get by anyone on everywhere. The information can be a knowledge or any news even an issue. What people must be consider while those information which is inside former life are hard to be find than now is taking seriously which one works to believe or which one the actual resource are convinced. If you find the unstable resource then you obtain it as your main information you will see huge disadvantage for you. All those possibilities will not happen within you if you take Photography and the Art of Chance as your daily resource information.

David Whetstone:

Precisely why? Because this Photography and the Art of Chance is an unordinary book that the inside of the guide waiting for you to snap it but latter it will shock you with the secret this inside. Reading this book next to it was fantastic author who all write the book in such incredible way makes the content on the inside easier to understand, entertaining way but still convey the meaning totally. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of rewards than the other book possess such as help improving your expertise and your critical thinking way. So , still want to hesitate having that book? If I were you I will go to the book store hurriedly.

Natalie Renz:

Within this era which is the greater person or who has ability in doing something more are more valuable than other. Do you want to become one among it? It is just simple way to have that. What you are related is just spending your time almost no but quite enough to get a look at some books. One of several books in the top checklist in your reading list will be Photography and the Art of Chance. This book which is qualified as The Hungry Hills can get you closer in getting precious person. By looking right up and review this reserve you can get many advantages.
